Hi All,

Nope I am not going to discuss the weather!!! Grrrr frost at the start of the week, a couple of hail storms thrown in, some torrential rain and let's top it off with a heat wave on Sports day. However, I think we pulled it off. Thank you for being understanding of the slight variation for the KS2 sports day, where we staggered lower KS2 and upper KS2 coming out so as to ensure the children were not in the sun for too long. The children had the most amazing time and there were smiles everywhere. It was so lovely to see all of you, the parents and carers and grandparents and aunts and uncles lol attending as well. Spending the day outside with the children was for me, one of the highlights of this year so far, although my sun burnt shoulders tell a different story. A huge thank you to Miss Benton and Mr Smithurt who pulled off another excellent sports day and to all the staff who take part, also not forgetting our fabulous Year 6 sports leads who had everything in order.

The week was a blur of sports event and although myself and Mrs Clarkson were out of school on first aid training (that sadly had been booked months ago) I was able to see most of the week and had updates on the little bit I missed. I think the highlight has to be the rock climbing wall that although took a lot of the carpark up, was the event that the children all talked about. Extreme Wheels was also another event that the children talked about and we hope to have them visit school again in the future. A big thank you to Mrs Long from the office, who led the archery session for the whole school. She is not just a pretty face that sits and welcomes you at the reception desk but is an accomplished archer and was very generous in giving the school a day to coach the children. Thankyou xx

Feedback from the children was that they loved sports week and wish we could do it all the time- if only lol. Next half term is a very long one but should be fantastic but busy – with Sharfest, Water warriors, the summer fayre, leavers assemblies, the colour run to name just a few events that we have squeezed in. At Sharley Park we celebrate the fun things as well as the academic. This is what makes us a great community.

Have a fabulous week, especially with the amazing weather that has been forecast. Great weather whilst on a school break rarely happens so make the most of it.

Have a great one and stay safe in the sun

Mrs S xx

I have had the most fab week. The small people just played all week and I joined in. There were beanbags, hoops, balls everywhere, I was in doggy heaven. The best game I played was when I ran off with the plastic markers and everyone had to run after me, to get them back. They were all smiling– well I think they were smiling lol

Love Teddy xxx
